Dear Messrs. Sherwood and Wilson:

TRANSMITTAL OF THE DOE-RL-98-37, REMOVAL ACTION WORK PLAN FOR THE 105-DR AND 105-F BUILDING INTERIM SAFE STORAGE PROJECTS AND ANCILLARY BUILDINGS, REVISION 3, DRAFT A

Attached for your review is DOE-RL-98-37, "Removal Action Work Plan for the 105-DR and 105-F Building Interim Safe Storage Projects and Ancillary Buildings," Revision 3, Draft A. Five notable changes have been made to the Revision 2 Removal Action Work Plan document issued in July 1999:

1. Section 2.1.4 was revised to discuss the approach on how the 105-F Fuel Storage Basin will be dispositioned.
2. Section 4.1 was updated to reflect calculated unabated offsite doses in the 105-F Fuel Storage Basin.
3. Figures 4-1 and 4-2 were updated.
4. The Air Monitoring Plan (Appendix B) was revised to incorporate activities associated with the decontamination and decommissioning of the 105-F Fuel Storage Basin.
5. Appendix C was added to discuss the disposition of the 105-F Fuel Storage Basin in more detail than what was discussed in the body of the report (Section 2.1.4).

Messrs. Sherwood and Wilson
